Notes: Dash indicates that data are not available.

Expenditure data for the Department of Justice and other regulatory agencies are not included.

¹ Expenditures include salaries and employee benefits, services, and supplies.

² The passage of Assembly Bill 196 required that county-level child support programs, previously administered by district attorneys, be operated by local child support agencies. This accounts for the large decrease in prosecution expenditures from 2000/01 to 2001/02.

^a The 2002/03 data were not available from the Office of the State Controller in time for inclusion in this publication.

^b As of fiscal year 1998/99, expenditure data for "Constables and marshals" and "Court reporters and transcribers" are included in the "Superior Court" category. These expenditures were previously included in the "Courts" category.

^c The 1967/68 law enforcement costs do not include state police expenditures.
